- MySql

Achievements

- Took part in Choreo and Ballerina workshops, achieving 2nd position and receiving goodies and swags for being the 2nd one to complete the task.
- Participated in Inoskill and secured 3rd prize in the Code Debugging Quiz.

About Me

Enthusiastic and diligent BTech student, specializing in Computer Science. Proficient in Python, C, and C++, with extensive experience in Django for web development and Bootstrap for front-end design. Eager to innovate, adapt, and contribute to impactful projects while continuously enhancing skills in a dynamic environment. Passionate about leveraging technology to tackle real-world challenges and dedicated to self-improvement in the field of computer science.

Experience

- Developed and deployed a comprehensive restaurant website using Django and Bootstrap, hosted on PythonAnywhere.
- Created some web projects, such as a Calculator, Stopwatch, and Todo List.
- Designed and implemented a Weather Station, seamlessly integrating APIs to provide real-time weather data.
- Successfully crafted an e-commerce homepage from scratch using HTML and CSS
